TECHNICAL SKILLS

Languages

- HTML
- CSS
- Javascript
- SASS

Tools

- Visual Studio Code
- Git
- GitHub

Libraries (JavaScript)

- Axios

PROJECTS I HAVE WORKED ON

Personal portfolio

I designed and developed from scratch my personal website with HTML and CSS. I made it semantic and accessible as well as responsive (*mobile friendly*), I used JavaScript to develop the information validation in the contact form and I used the [FormSubmit](#)'s API which handles all the message submits and sends them to my email inbox.

MathWeb

A math website developed by myself where users can choose from a number of math branches and do some calculations related to a particular branch (Statistics, Geometry, etc). I made it responsive with HTML and CSS, with JavaScript I developed the logic of the calculators and the data validation.

EDUCATION

University of Guadalajara

Software Engineering
February 2019 - December 2022

OTHER SKILLS

Soft skills

- Responsibility
- Proactivity
- Sociability
- Quick learning

Languages I speak

- Spanish (Native speaker)
- English (B1)

Certifications (Language)

- TOEFL ITP *BRONZE* - January 2021
